Awareness: The Perils and Opportunities of Reality certainly fits that category.

Awareness is about waking up, and fairly abruptly to boot.

Anthony De Mello's teaching style is very direct. Unlike many other books out there that attempt to handle this topic, you won't find any new age fluff or religious dogma in this book.

Awareness The Perils And Opportunities Of Reality

Awareness, awareness,
awareness, awareness.
What they trained us to
do in that course was
to become participant
observers. To put it
somewhat graphically,
I'd be talking to you
and at the same time
I'd be out there
watching you and
watching me.
