RSA-5AD1 BENDIX Servo Fuel Injector Component Maintenance Parts Manual. This item is used equipment and we are selling without warranty or return to 9000 avionic items in store.

[Bendix RSA-5AD1] Servo Fuel Injector Maintenance Manual

Fuel servos use diaphragms to measure the air flow and adjust the fuel to air ratio accordingly. When the airflow increases, the airplane's diaphragms move to allow a greater flow of fuel. When the airflow decreases, the flow of fuel is lessened. Both the aircraft carburetor and airplane fuel servos are critical in ensuring a properly run engine.

Bendix RSA-10ED1 Fuel Injector Servo - PN: 2524491-8 | eBay

A few months ago I had to replace the fuel servo and up until yesterday I had not had any problems. After flying for a two hour leg I landed, taxied for a few minutes and went to shut down by pulling the mixture. I got in excess of 300 RPM rise. I restarted after about an hour and black smoke pou...
