### Conditions Learning Gagne Robert M

Events of learning operate on the learner in ways that constitute the conditions of learning. The specific operations that constitute instructional events are different for each different type of learning outcome. Learning hierarchies define what intellectual skills are to be learned and a sequence of instruction. References. Gagne, R. (1962).

### Conditions of Learning (Robert Gagne ...

Robert Mills Gagné (August 21, 1916 – April 28, 2002) was an American educational psychologist best known for his Conditions of Learning. He pioneered the science of instruction during World War II when he worked with the Army Air Corps training pilots. He went on to develop a series of studies and works that simplified and explained what he and others believed to be "good instruction."
