for the laptop. The laptop power supply is smaller and supplies less wattage.

### **Docking station power - TechRepublic**

Hello, We just purchased a large amount of Latitude E7470 and E5570 Laptops with the Docking Stations. These are currently running Windows 7. The issue I'm seeing is that when the laptop is docked and off, we are unable to turn them on using the docking station power button, we have to use the power button on the laptop itself.
