Postcolonialism, the historical period or state of affairs representing the aftermath of Western colonialism; the term can also be used to describe the concurrent project to reclaim and rethink the history and agency of people subordinated under various forms of imperialism. Postcolonialism signals

Postcolonialism | historical period | Britannica

Pint: makes units easy. Pint is a Python package to define, operate and manipulate physical quantities: the product of a numerical value and a unit of measurement. It allows arithmetic operations between them and conversions from and to different units. It is distributed with a comprehensive list of physical units, prefixes and constants.
