In terms of spring lever machines, the Elektra Micro Casa a Leva espresso machine is a great machine and is easier to learn to use compared to the La Pavoni manual lever machines. Other good spring lever machines that are less common due to the higher price point include the Bezzera Strega, Izzo Alex Leva and Pompeii, and the Quick Mill Achille.

Support Guides and Instruction Manuals - Capresso

An espresso machine brews coffee by forcing pressurized water near boiling point through a "puck" of ground coffee and a filter in order to produce a thick, concentrated coffee called espresso. The first machine for making espresso was built and patented in 1884 by Angelo Moriondo of Turin, Italy. An improved design was patented on April 28, 1903, by Luigi Bezzera.
