ZWO ASI120mm and the ZWO 30f4 Mini guide scope-no focus - posted in Equipment: I bought the whole ASI air kit to couple all these parts together. I tried to get some sort of image, albeit mono, just to try and focus these two together. I first tried at night but couldnt see a thing on the screen. So I tried during the day. Thinking if I was focused during the day I should be able to be close ...

ZWO ASI120mm and the ZWO 30f4 Mini guide scope-no focus ...

I have an SBIG STXL 11002. No optical hardware or focal reducer. I have the SBIG FW8G-STXL with guide chip. I use MaximDL and CCDAutopilot. I use the Planewave autofocuser. The guide chip is supposed to be focused by a knob on the side of the filter wheel. I found it extremely difficult to get good focus. marshall
