Most significantly you have to love them and you have to have 'the present of teaching'.

Proving Triangles Congruent Worksheet Answer Key triangle ...

The origin of the word congruent is from the Latin word "congruere" meaning "correspond with" or "in harmony". A collection of congruent triangles worksheets on key concepts like congruent parts of congruent triangles, congruence statement, identifying the postulates, congruence in right triangles and a lot more is featured here for the exclusive use of 8th grade and high school students.

Congruent Triangles Worksheets - Math Worksheets 4 Kids

Two triangles are congruent if all six parts have the same measures. The three angles and the three sides must match. There is, however, a shorter way to prove that two triangles are congruent! In some cases, we are allowed to say that two triangles are congruent if a certain 3 parts match because the other 3 MUST be the same because of it.
