The factory programmed functions of the calculator will never be erased/lost if both batteries are removed. This is not a programmable calculator, so no user programs that can be erased. the only data that can be lost are settings (e.g. payments per year or number of display digits) and values of most recent calculations (e.g. N, PV, FV, PMT etc. of last TVM calculation)

### HP 10bii+ Financial Calculator how to remove the batteries ...

The HP 10BII financial calculator has a built in settings for payments per year that attempts to auto-adjust the interest rate based on how many periods there are in a year. However, this does not auto-adjust the N and PMT components (you still have to do this manually), which makes this function cause more problems than it's worth.
