Kant's Ethics in a Nutshell

Kantian ethics refers to a deontological ethical theory developed by German philosopher Immanuel Kant that is based on the notion that: "It is impossible to think of anything at all in the world, or indeed even beyond it, that could be considered good without limitation except a good will." The theory was

Immanuel Kant's duty theory can be considered as an element of the deontological ethics. It is the duty that every person has to follow according to moral ethics. All the right or wrong actions of the individuals are not depended on possible consequences of these actions, but rather serve to fulfill the duty.

Philosophy. The most basic aim of moral philosophy, and so also of the Groundwork, is, in Kant's view, to "seek out" the foundational principle of a "metaphysics of morals," which Kant understands as a system of a priori moral principles that apply the CI to human persons in all times and cultures. Kant pursues this project through the
