*Solution 14-125 (a) If the settlement of debt includes the transfer of noncash assets, a gain is measured by the debtor as the difference between the fair value of the assets transferred and the carrying amount of the debt, including accrued interest. The debtor also recognizes a gain or loss on the disposal of assets as the difference between the fair value of the assets transferred and their book value. (b) If the carrying amount of the payable is greater than the undiscounted total future ...
