SHED Your Stuff, Change Your Life - Julie Morgenstern

The only person who is going to change your life is you! To create that change, you have to like yourself. There will be times in your life where you will face rejection, and there will be people who will not like you or your choices. Accepting who you are and loving yourself despite adversity helps you to move forward in your life.

2. Realize that even good change can cause stress. Sometimes when people go through a positive life change, such as graduating or having a baby, they still feel a great deal of stress—or even dread.

10 Ways to Cope With Big Changes | Psychology Today

It's so easy to identify what you need to do to change your life. It's so hard to accept what you need to let go of, what weeds you need to uproot so the soil of your life is free and fertile again. People analogize time and energy and mental space to a lot of things, but you can think of them like a box. They are finite.
