Art Therapy. Papermaking has gained significant momentum in the spheres of Art Therapy and trauma intervention. As with other art-making activities, the act of papermaking allows populations affected by trauma with a means to process memories and emotion through symbolic expression. According to Art Therapist Gretchen Miller, "art-making provides a safe means for expressing and communicating traumatic experiences which often cannot be reconciled through verbal language."

Peace Paper Project

Tissue paper can be a great art medium to try in therapy. I find that it helps to encourage playing with colors and materials, experimenting with new techniques, and focusing on the process. For myself, I have always enjoyed that working with tissue paper forces me to be more abstract and less focused on achieving a certain outcome.

Creating Tissue Paper Collages - Creativity in Therapy

This art therapy directive draws on that experiential process to help clients with letting go of things that they are ready to leave behind. Art Directive. Provide sheets of colored paper, as well as additional papers like tissue paper, textured papers, and small paper scraps. You can also offer drawing and painting media for mixed media.
