Play at the Center of the Curriculum. This third edition continues to take to heart the adage, 'Play is children's work'. It introduces the theories of Piaget, Vygotsky, Erikson, Mead, and many contemporary researchers; explores the traditional curriculum arenas of early childhood education; and includes discussion of the role of work, adult models, and authority in children's play.

When right and left have the same shape, there is a play in the center. This Go proverb applies to tactical questions regarding life and death of groups, but also sometimes to more strategic questions regarding invasions / reductions. The symmetry in these positions is functional symmetry rather than strict mirror image symmetry.
