Counselling and Psychotherapy Research Journal

'This book provides an excellent access route into counselling and psychotherapy research for trainees and practitioners alike. It does a great job in de-mystifying research and conveying the sense that research is something really everyone can understand and do.'
Dr Andreas Vossler,

An Introduction to Research in Counselling and Psychotherapy

Counseling and psychotherapy outcomes are the benefits (or harms) that derive for clients (patients or mental healthcare consumers) as a result of their experiences or treatment in therapy or counseling. Although it is generally assumed that therapy is an effective treatment for mental health concerns, this is not always the case. The determination of therapy [...]
