Sun Certified Enterprise Architect for J2EE

The purpose of this document is to help in preparation for exam 310-052 (Sun Certified Enterprise Architect for Java EE 5). This document should not be used as the only study material for SCEA 5 test. It covers all objective topics, but it is not enough. I tried to make this document as much accurate as possible, but if you find any error, please let me know.

SCEA 5 Study Guide - :: Java Certification Guides

"Enterprise Architecture is the organising logic for business processes and IT infrastructure, reflecting the integration and standardisation requirements of the company's operating model. The enterprise architecture provides a long-term view of a company's processes, systems and technologies so that individual projects can build capabilities - not just fulfill immediate needs."
