Trading the most popular commodities is a wonderful opportunity to make big profits. What is even more interesting about the commodity market is that its extended long-term trends make it the favorite market for position trading.

Commodity Trading Tips - 3 Golden Rules

Some commodity traders make a good living by focusing on trading a single commodity. There are about 30 commodities that are fairly actively traded, but it is difficult to keep up with all the commodities and trade them. Some traders like the expanded range of opportunities if they follow many commodities, but a good case can be made for specializing in one commodity.

Specializing in Trading One Commodity

Seasonality is a phenomenon where price undergoes similar and predictable changes around the same period within every calendar year. These changes can happen in a specific meteorological season, growing season, quarter, month, holiday period or off-peak period.
