The Anatomy of Suicide applies the interactional view of human behavior to the problem of suicide. The interactional view holds that the behavior of person A controls the behavior of person B, and vice versa. When a person threatens to kill himself or herself, this threat is intended to force another person in a relationship to change.

Amazon.com: The Anatomy of Suicide: Silence of the Heart ...

In these excerpts from The Anatomy of Suicide, Winslow, though he sees suicide as a crime against God and man, insists that laws punishing suicide (which were still in effect in England at the time) were both unjust, since they punished the family rather than the alleged offender, and ineffective, since they did not serve as a deterrent to suicide.
