### The Far Side Of Sun

Directed by Robert Parrish. With Roy Thinnes, Ian Hendry, Patrick Wymark, Lynn Loring. The European Space Exploration Council sends two astronauts to explore a planet similar to the Earth but located on the opposite side of the sun.

### Journey to the Far Side of the Sun (1969) - IMDb

For the first time in history, the world has a full view of the far side of the Sun—and of the entire 360-degree sphere at once, for that matter—thanks to NASA's Solar Terrestrial Relations Observatory (STEREO). On February 6, 2011, the twin satellites reached opposite sides of the Sun, allowing space weather watchers to detect activity at any point on the sphere and to image eruptions ...

### Far Side of the Sun - NASA Earth Observatory

The Far Side of the Sun ta \* I've been a fan of Kate Furnivall's work for many years. I became hooked on her writing when I went through a spell of only reading World War II titles, especially those with links to Russia (I blame my favourite book ever, The Bronze Horseman for this).

### The Far Side of the Sun by Kate Furnivall

Doppelgänger is a 1969 British science-fiction film written by Gerry and Sylvia Anderson and Donald James and directed by Robert Parrish. Filmed by the Andersons' production company Century 21, it stars Roy Thinnes, Ian Hendry, Lynn Loring, Loni von Friedl and Patrick Wymark. Outside Europe, it was released as Journey to the Far Side of the Sun, the title by which it is now more commonly known.

### Doppelgänger (1969 film) - Wikipedia

The images from one offered a view of the center of the Sun's far side, while the other showed the edges. A new computer algorithm finally allows the entire back face to be viewed.

### Sun's Far Side Visible Now | Space

A planet is discovered in the same orbit as Earth's but is located on the exact opposite side of the sun, making it not visible from Earth. The European Space Exploration Council decide to send ...

### Journey to the Far Side of the Sun (1969) - Movie | Moviefone

Audience Reviews for Journey to the Far Side of the Sun. Nov 29, 2012. A decent premise, but it seems far too long for what it is, with not much actually happening.

### Journey to the Far Side of the Sun (1969) - Rotten Tomatoes

But then, Journey To The Far Side Of The Sun (a.k.a. Doppelganger) is a rather lyrical work that favours the esoteric semantics of 2001 and Solaris over the zest of muscular space-opera, ...
