LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

The Storm Before The Storm

The Storm before the Storm (TSbtS) tells the history of everything that went wrong with the Roman Republic before it came crashing down in Julius Caesar's generation (or as I call it the Hollywood generation since it is much more famous and has much wider public awareness).
